Makers On A Mission

On behalf of the whole team here at Knotty Promo, thank you for considering working with us. I wanted to take a few moments to share with you how our company came to be and what you can expect working with us. While serving in the military from 2002-2008 in Africa, Europe and the Middle East, it became very clear to me that we have to do more to help the 65 million displaced persons who have been forced from their homes due to war, persecution and disaster.

Upon returning to the United States, I learned that many displaced persons have been in camps from 10+ years, with little to no hope of ever returning to their homes, and that tens of thousands of these refugees and asylees are being resettled in our communities in the United States. To create opportunities for these deserving and honorable humans, we built Knotty Promo from scratch to create employment opportunities for resettling refugees based upon their existing sewing skills.

Refugees are bringing needed skills to our communities to aid in restoring clothing manufacturing in the US, and their contributions create growth and positive economic impact for small businesses like ours.

By purchasing from a company like ours that makes products, employs workers and pays fair wages in the US, and that also purchases many supplies and services from other US companies, you are helping us to create more economic opportunities for all.

We also care deeply about sustainability in our production practices. Our on-demand production reduces waste and produces only what is needed when it is needed. Our advanced textile printing uses high-quality sustainable fabrics which are milled from recycled plastics to look and feel like silk. Our packaging is also comprised of 100% recycled paper material.

From design to finished product, you'll see how much we care about changing the way products are made and sold. As a prospective client of Knotty Promo, I want to personally thank you for considering working with us, and for helping us make a positive impact in our community, our economy and in the lives of those who need our help the most.

Sincerely,

Jeremy Priest
Co-founder & President

Made in America No minimums No setup fees Free design support

Our products are designed, printed and sewn at our facilities in Denver, CO.

Responsibly Made

We're passionate about creating meaningful employment opportunities for resettled refugees and making products in an environmentally responsible way.

High Quality

We print our own textiles with intense attention to detail, then cut and sew each garment to specification, resulting in the highest quality.

Fast Turnaround

We offer rush production in as fast as 6 calendar days with our expedited production options. Standard production time is 15 calendar days for orders under 249 units, or 30 calendar days for orders 250-999 units

Sizing

We can suit modern or traditional tastes with a variety of necktie widths. Extra-long neckties and bow ties are also available.

Design Support

Our expert graphic design team can work with client supplied artwork to create simple branded patterns, specific logo placements, and anything in between.

Color Matching

We expertly match the required colors and can provide printed swatches or full production samples upon request.

Creating dignified employment for resettling refugees

Our primary goal at Knotty Promo is to provide dignified employment for refugees. As part of this, we provide our staff with flexible work arrangements, English and college education, cover transportation reimbursement, and offer full healthcare benefits.

We are committed to providing our refugee staff and their families by listening to them and understanding their stories and aspirations.

We're perfectly suited to help you generate new interest and increase existing apparel sales with buyers who demand a high level of social and environmental responsibility.

Responsibly made. Above all else.

We build our products using fabrics made from recycled plastics certified by the Global Recycled Standard.

Our on-demand production and advanced textile printing using sustainable fabrics reduce waste and impact.

We reduce emissions and waste through eco-friendly manufacturing processes. To carry out this mission, We strive to improve energy use through the consumption of renewable energy, the amount of recycled and diverted materials, and education on best practices in recycling and environmental awareness.

According to the U.S. Environmental Protection Agency (EPA) textiles in municipal solid waste (MSW) amounts to 16 million tons each year, with 10.5 million tons sent to landfills and only 2.5 million tons recycled. Furthermore, the fashion industry contributes 10% of global greenhouse gas emissions due to its long supply chains and energy-intensive production.

Kimonos

Eye-catching, flattering, and attractive. Guaranteed to turn heads.

New for 2020, our promotional kimono is an inspiring, high quality, eco-friendly garment that is perfect for showcasing a unique logo design - a "promono" if you will! Not your average promotional product, this lightweight kimono is flowy, confidence inspiring, and will surely help clients think outside the box. Our favorite uses so far are hotel and resort gift baskets, cruise attire, trade show apparel, and festival branding.

Product Features

- Full color sublimation
- Kimono-style open front, loose drape
- 43" in length, three quarter sleeves
- One size fits most
- Finished with a decorative serged edge
- Comes with unbranded care tag

Individual kraft gift packaging in boxes with our brand logo available for \$1.50 (G) per item.

Eco-Impact: Made in USA Production and Delivery Times

Our standard production time is 15 calendar days for orders totaling 249 units or less. For orders over 250 units, our standard production time is 30 calendar days. For orders of 1,000+ units, please contact sales@knottytie.com for a production timeline.

We also offer expedited production timelines of 18, 13, 11, and 6 days. Expedited production timelines incur a rush fee based on the order total. All production times are in calendar days. Shipping is not included. We're able to use third party UPS and FEDEX shipper accounts, or bill you at cost.

STANDARD PRODUCTION	15 DAYS	30 DAYS		
UNITS	249 units or less	250 units or more		
EXPEDITED PRODUCTION	18 DAYS	13 DAYS	11 DAYS	6 DAYS
RUSH FEE	5%	10%	15%	20%

The fine details

Production timeline begins once a purchase order is received and approved, and art or samples are approved.

FOB Point: Denver, CO 80204

For international shipments, please provide a third party UPS shipper number. Knotty Promo is not responsible for any taxes, tariffs, duties, brokerage fees, or other charges. These charges are outside of our control, and we cannot predict them. These charges are the responsibility of the customer.

Artwork & Color

Please provide vector-based artwork or logos for use in your designs. Our design team is available to provide a range of branded options at no charge.

Email artwork directly to sales@knottytie.com. Our design request form and stock design gallery can be found at promo.knottytie.com

Designs that feature thin and/or small elements may be illegible or lost altogether. Pre-production samples are always recommended for any design with small details. Designs that require centering (single placement logos, non-repeating patterns, etc.) may vary slightly from tie to tie.

We do not charge a design or art fee for the vast majority of orders, however for commissioned artwork creation we assess a \$75 per hour design charge.

PMS color matches are available at no additional charge. To confirm your colors in person we offer easy pre-production samples.

Pre-production Samples

We make pre-production samples fast and easy. Custom samples of ties, bow ties, and all three styles of scarves are \$50 (T). Pre-production pocket square samples are \$15 (T). All pre-production sample orders incur a \$25 (G) sample fee as well.

Pre-production samples ship in 7 calendar days or sooner via the delivery speed of your choice. Purchase orders are required for all pre-production sample orders unless otherwise stated.

Ordering Guidelines

Production timeline begins once a purchase is received and approved, and art or samples are approved. Product sizing specifications must be included in the purchase order or separately in writing. Please provide the desired shipping speed as well as a third party shipper number when placing your order. All order changes must be in writing.

We start processing all orders shortly after a purchase order has been received and cannot cancel or issue refunds for orders once they have started production. If your products have not started production, we will be able to cancel the order and refund your payment or make your requested changes.
